

Massasoit 1975

**no book can
teach us self...
it is a hidden language
only heart can read**

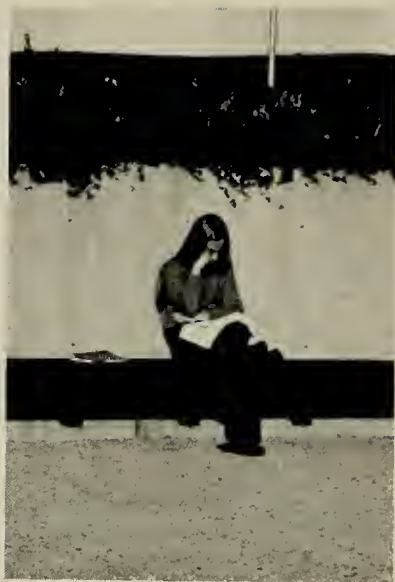

we wanted a yearbook...we envisioned
200 pages, a hard cover, and a portrait
of every sophomore...time and money
did not allow this...

massasoit remains important...it means
something different to all of us...

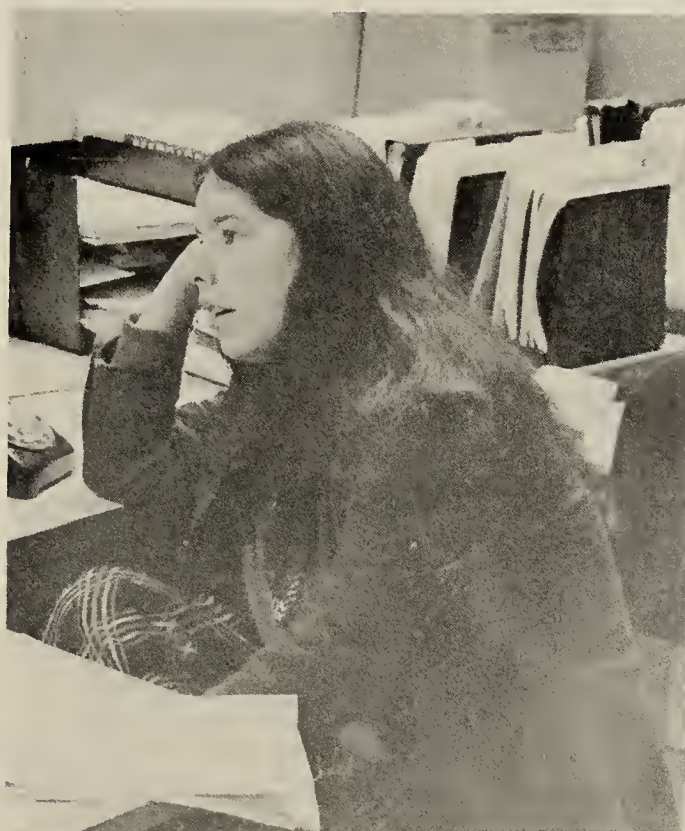

we need to capture what it means...

this is yourbook instead of a yearbook...

the staff

to be nobody but yourself...

in a world which is doing its best

to make you everybody else...

means to fight the hardest battle

and never stop fighting.

to be nobody but yourself...to be nobody but yourself...to be nobody but yourself...

administration...
